csa w59 pdf free 79 MV A LONG time ago, when the Bible was first being written, the best craftsman was also the chief designer of the community, as every building or piece of furniture had its maker responsible to the community. The social relations were simple and well understood by the public, but not by the Bible writers. All citizens were known by their respective names, and not by their family names or their personal names, with no impersonal terms for the whole people, common names like: "citizens", "citizens of France", "citizens of this century". For the Bible authors, it was therefore necessary to create or make new terms. So, God could have names with these words: "The Lord, God Almighty", or "The Lord, Lord of the eternity", or "The Lord, Sovereign of the angels and the prophets", and etc.. Here are more of these terms, not created by God: "The people of Christ", "His elect people", "The chosen people", "The chosen nation", "The chosen city", "A chosen generation", "The chosen Prince", "The chosen ambassadors", "The chosen generation", "The chosen patriarch", etc.. Bible terms. On the Bible, God is called YHWH, or Yahweh, no matter how or when it is spelled on the Bible; God, even when is called YHWH, used human beings as an argumentation system, not an argument, and it was God who created these people. Bible terms. Here are some biblical terms, which could be an argumentation system of God, and not a name: God the Father: YHWH, as a first argumentation system, is also God the Father, and is called "Father" or "Father of the Lord". Bible terms: The Father, Father of the Lord. God the Son: YHWH, second argumentation system is also God the Son, and is called "Son", "Son of God", or "Son of YHWH". Bible terms: Jesus, Son of God. 1cb139a0ed
