System Requirements:

As we expand the realm of playable heroes and classes, as well as refine and polish our technology, we will need to make some adjustments to the minimum system requirements for EVE: Valkyrie. The most significant change that we will make is that we are lowering the minimum requirements to run the VR game from a high-end desktop computer, with an NVIDIA GeForce GTX 970 or AMD Radeon R9 390 graphics card, to a more powerful laptop or desktop system with a GTX 660 or Radeon HD 7950 graphics card. For more information about how system requirements will change and be added to, as
